Comfort Air Wins Energy Star Award

Comfort Air was awarded the 2009 Outstanding Energy Star Trade Ally at the annual Energy Star Summit in December. The award was given in recognition of CAD's ongoing support of the group which promotes energy efficiency and indoor air quality in Colorado's home building industry. Dave Schrock, Executive Vice President of Comfort Air, has been active with the statewide program since it began.

CAD and RMHVAC offer many HVAC products that meet Environmental Protection Agency Standards and display the Energy Star label. You can see many of the working at the new Colorado Home Comfort Showroom! More about that on the back...

Comfort Air Opens Colorado Home Comfort Showroom

Comfort Air Distributing, Rheem Distributor for Colorado and Wyoming, has announced the opening of Colorado's first Home Comfort Showroom. The Showroom was designed to help our contractors sell more high efficiency equipment and increase their add on sales. Homeowners want to be able to see, hear and feel the product before they make a major purchase.

Come see all of our working displays, including:

- TANKLESS WATER HEATERS
- SOLAR WATER HEATERS
- GEOHERMAL GROUND SOURCE HEAT PUMP
- 95% EFFICIENT FURNACES
- AND SO MUCH MORE!!

Thermostat Wall, Solar & Tankless Display...

HOURS:

Monday - Friday 10am - 4pm, Saturday - 9am - 1pm
